

TWO NEW MOB CAP COLOURS – November 2020

We are extremely pleased to have convinced our local (South African) suppliers of non-woven spunbond polypropylene, the material used in the manufacture of Mob Caps, to produce Pink and Navy Blue variants. We have many customers who have been waiting a considerable time for these colours.

These 2 new colours increases our range to 11 colours. In addition to the introduction of Pink and Navy Blue we produce Mob Caps in White, Black, Hygiene/Medical Blue, Light Blue, Light Green, Medical Green, Yellow, Orange and Red.
