

## LAUNCH OF BEARD COVERS – June 2019

We have launched our fully South African manufactured disposable **Beard Covers** They will be manufactured at our Johannesburg factory. These beard covers do not have earloops which many users have bitterly complained about as the ear loops may cause irritations, soreness and the like. They have double elastic which goes around the head creating a much more user-friendly beard cover.

### SPECS

Double Elastic and single elastic to ensure integrity & strength

Genuine non-woven spunbond polypropylene (fabric manufactured in South Africa under ISO 9000 quality controls)

Colours: Standard is White.

Packed into Cartons, 10 pkts of 100 units = 1000 units per carton/box
